

CLINICS AND URGENT CARE STAFF SCHEDULING

SIMPLIFY CLINICAL STAFF SCHEDULING

Changing dynamics in healthcare have increased the reliance on inpatient and outpatient clinics, with urgent care organizations growing in record numbers. These fast-paced environments deal with fluctuating patient volumes and require agile staffing strategies to optimize profitability and deliver the highest quality patient care. Too much staff costs money. Too little staff affects wait times and patient satisfaction.

Schedule360™ Employee Scheduling and Labor Management Applications streamline and automate the process. As a secure cloud-based solution, Schedule360 helps you align staff with demand to control labor costs, minimize compliance risks, improve staff productivity and deliver the highest quality of patient care.

The Scheduling Solution Configured for YOU

Schedule360 is highly configurable and can be configured to fit your organization's unique needs. It can even be configured with different setups for each department or group within your organization.

Affordable Monthly Subscription

Schedule360 is available at an affordable monthly subscription and includes setup, 24/7 support and online training. It is scalable to virtually any size organization.

The Schedule360 Advantage
